WORK EXPERIENCE

Capability Development Specialist — Torii Minds

2024 – Present

ToriiMinds Multi-AI Agents • ServiceNow ITSM • AI Architectures • Cloud Solutions

Leading capability development initiatives and engineering AI-driven enterprise developer workflows. Creator of ToriiMinds Multi-AI Learning Agents platform for autonomous learning roadmaps and adaptive quizzes across 5+ technology tracks.

Key Contributions: ToriiMinds Multi-AI Agents • AI Capability Frameworks • Enterprise Automation

ServiceNow Intern — Technical Hub

Jun 2024 – Mar 2025

ServiceNow ITSM • Incident Management • Service Catalog • Flow Designer • GlideScript

Worked extensively on ServiceNow ITSM modules including Incident Management, Problem Management, and Service Catalog automation. Configured custom forms, business rules, tables, and catalog items supporting enterprise service workflows.

Key Contributions: IT Service Management • Automated Flow Designer • Service Catalog Configuration

FEATURED PROJECTS

ToriiMinds Multi-AI Learning Agents

Multi-AI Agents • LLM Prompting • Quiz Engine • ServiceNow • Python

An agentic AI platform where students interact with specialized AI agents to generate custom learning roadmaps and adaptive quizzes across Cybersecurity, Full Stack, Salesforce, Flutter, and ServiceNow tracks.

Highlights: 5+ Agentic Learning Tracks • Adaptive Quiz Generator • Multi-Agent Routing

T@G Digital Pulse

Full Stack • Design Workspace • Digital Marketing • Workflow Automation

Centralized digital marketing and design workspace platform streamlining team initiative management, creative workflows, and digital project asset presentation (Live: tag.ncet.co.in).

Highlights: Creative Asset Management • Workflow Automation • Team Workspace

Sports Inventory Management System (Salesforce)

Salesforce Platform • Trailhead • CRM Configuration • Custom Objects & Dashboards

Built a Salesforce application managing sports equipment inventory using custom objects and relationships. Implemented interactive dashboards and reports to track equipment availability and streamline inventory tracking.

Highlights: Custom CRM Objects • Equipment Tracking Automation • Reporting Dashboards

ACHIEVEMENTS & CERTIFICATIONS

50 Days LeetCode Badge

Earned 50 Days Problem Solving Badge with 90+ problems solved on LeetCode.

400+ CodeChef (Bronze Badge)

Solved 400+ problems across dual competitive accounts.

ServiceNow CAD & CSA

Certified Application Developer & System Administrator from ServiceNow.

AWS Certified Cloud Practitioner

AWS Certified Cloud Practitioner Credential from Amazon Web Services.

IBM Prompt Engineering

IBM Prompt Engineering Specialization Certification.

JPMorgan Chase Software Eng

JPMorgan Chase & Co. Software Engineering Certification.
